HOME

Dear Cheryl,

AUTO

Thank you for introducing our team to the CLIPS program.

COMMERCIAL

It has been three weeks since you left our office and the excitement and buzz that you created still exists. The team has readily accepted and implemented the renewal process. Instead of being reactive to our work we are now proactive and can better manage our clients.

GROUP

The training process was very effective since the Commercial Service Brokers were able to work on their existing paperwork and start the implementation of CLIPS. This enabled them to see the real benefit as the days unfolded.

LIFE

Thank you Cheryl, for your positive commitment to our team.

Regards,

DISABILITY

Darrell Frazer
President – Commercial Operations
